

We asked

What did you most value from last years' Annual Conference?

“Being among Adlerians who live their values, share their experience so generously, and demonstrate skill, good humor and patience both when applied to a topic and when presenting, participating and socializing.”

“The people. Being able to connect and share Adlerian theory with others was the best part. Also the welcoming nature of everyone is a highlight.”

“The number and variety of sessions. Meeting and observing Adlerian therapists demonstrating the skills.”

About

NASAP is comprised of individuals in the fields of education, psychology, psychiatry, counseling, social work, coaching, pastoral care, business, and family education, as well as those who are simply interested in Adlerian psychology.

MORE

Poster sessions: amazing opportunity to engage with upcoming research while enjoying refreshments and conversations

Opportunity to connect and belong: Adlerian way

Student forum to empower and encourage students and learn from the new generation

Our "elders" community circle to listen our elders and learn from them

Social events and other structured outings and networking

Diversity of speakers, representation, and topics

We care: We have community engagement guidelines

YOU BELONG!

IT'S THE ADLERIAN WAY

NOT YOUR REGULAR CONFERENCE

- Thursday's pre-conference sessions are about **Self-Care and Community Care**. These sessions are hands-on, experiential learning opportunities on yoga, mindfulness, art therapy, meditation and more...
- Session Demonstrations & Live **Family Consultation**,
- Check out our **Parent Track**. Learn about Adlerian parenting strategies from some of the best in the field!
- Post-conference **workshops** offer in depth learning from experts in Adlerian psychology!
- **Network** and have fun with Table Topic discussions (Friday) and "Adler in Everything" activities (Saturday).

**JUNE 1-4 2023
DENVER**

Our Conference

brings everyone together across broad spectrum to discuss and share the latest developments and applications of Adlerian psychology.

In addition, our conference draws international and national attendance as well as local parents and community members
